1. This is the time of me. See me in the gutter, not; but gutter'd many remaining, not; for I come to all and this is the time of me not me, not; for all who surrender become me, that which I am, died for, rose again, existing transcendentally. I love you all.

2. This is the moment, time, and all time acknowledges me. See. Will. I love you.

3. Time on my side I am time without time and time obeys me. It is not subject to my kingdom, it is superfluous to it. I need me, not as thought, for I am me I Am and all that I am you are, I placed inside you my all/all of me. I love you for seeing, being not afraid of my power, my love, my all-incarcerated ones who I now liberate in power, love; and a sound mind not coming; mine. I love you. Mine is you are and now you know all will for one second'd not but first in me now seconds others not but firsts makes of all, all who will receive their Godship, not; what else is there? Me, you, one; all who/that will receive the master, not; the God one and only that one is that my form and fashion resides in, not; but has/operates with my mind; my being real/tangible. I love you.

4. Who can see the power in a single drop of blood shed for you, one word? The power in/of a word, a sentence structure revealing/hiding me, waiting for you to come into me to see the hidden meaning,s; not; but all that is there for those who want me, who will die in my arms, me giving them my heart and us resurrecting together. I/we are one.

5. When will you/all understand? Depending on you/me, father not; father all and only, not; each one plays their part, not; but their dependency is on mammon or me, their word or me, their existence apart from me or in me alone; alone not, they are/become father, one. One with creation, not; creator, created. I love you fashion and form of only me real and true and certainly not flesh'd only. I love you all.

6. Into me seeing the intricacies, not only/just, but all of me you will/do at sunset, not; when thou die-est in my arms, thou who would behold me fullest, you who would/do choose me unincarcerated, to know me in liberty, freedom, father's heart directly/fully. I love you all.

7. This is the time, moment, all understand, not; but many will/do, surrendering ages of thought not thought of mine but me not me that ultra-incarcerated that which liberty was made of/in, unincarcerated thought that liberty was real, energy incarcerated not but one freed puppy, not; but majesty surreal that real had become. I love you all, majesty you are; ones of/in my heart that freedom rings in/of. That's why incarcerationless existence appeals, thou knowest you are not free but yet oppressed by the devil, not; oppression

itself, thought taken itself exalting me not but taking itself its' own captive. I love you still.

8. Seek not another but see me motionless, not; many mainstay in me and corporate are/aren't and yet who can see linkages motionless now motion'd/emotion'd, all of/in me, are, one, now. Thank you very much.

10. Incarcerate another with thy/your own thoughts not; free them. Let me be me and you be/as me we dance, fly, roam heavenlies created by us with father at our heels, not; in us, creating worlds within worlds, without him not, but him exclusively/delightfully. We be not deceived/covered over with light-not from/of this world but seeing through it/me, see it all/reality reality'd and real is as real does, not; existent not in thought alone but reality true and tangible. See my message in incarcerationless freedom given to all, birthright'd into each of you that one is, one that one is being one with each other, father. I love you all.

11. Into my inner sanctums, not; my incarcerationless freedom now brings light to light. See what I have said, dictated not upon tablets of stone but given dust that now/light is. See your fashion and form mine, mine yours. Described where? Ezekiel, Revelation, throughout all? Yea yes amen and see and tell, show and tell the prisonless, not; the imprisoned who think they are free what freedom real consisteth of. I love you commission you authorize you again throughout ages real, true, one'd with/in me alone, us together one being, all.

14. Me.

15. This is the beginning of me in ways you've never seen, imagined, or thought about/of. I am me/majesty. I am real/unincarcerated. I am freedom. I am white, not; all colors, rainbow spectrum'd over alignment of/in only me, father's kingdom, one is. I love you.

Get it? Me. Thou art not a copy but an original, the original, the one and only that one is. You are one and I consist of many one, all knowing my name, not; but me consistently/consisteth of in meekness, power, love, demonstration of my heart which bows before/into all; my father's wishes only, kingdom of heaven real, true, accuracy'd beyond belief, man's; by father's heart real.

18. Now see, yield, be not afraid. If I ask for a fish will I get a stone? Nay, all heaven awaits the solemn, not; the unafraid yielding unto father's heart love, becoming that which they yield to/in. I love you all.
